August 23, 2005

Scott A. Potter  
Director, Metro Water Services  
1600 Second Avenue, North  
Nashville, TN 37208-2206

Dear Mr. Potter:

As the Metro Water Service's water main rehabilitation project on Chickering Road in Belle Meade nears completion, I would like to take a moment to express the City's satisfaction with the subcontractor, W. L. Hailey Company, Inc.

The information letter sent to us last spring from Metro Water stated this company was very experienced and would protect the environment while causing as little disruption as possible to the neighborhood. Indeed, the Hailey employees did just that and more. They were very cooperative with the Belle Meade public works staff and treated the local residents with consideration. I did not receive any complaints from the public while the work was being done, which is a testimony in itself to the Hailey Company's dedication and professionalism.

We understand that more water main work may be necessary on Belle Meade Boulevard in the near future, and hope that the W. L. Hailey Company will have the opportunity to work in the City once again.

Sincerely,

Beth Reardon  
City Manager/Treasurer
