RE: DES Project # 055; Rebuild of Manhole "C"

Dear Andrew,

On behalf of myself, Thermal Engineering Group, Inc. and Metro Nashville's District Energy System, I want to thank W. L. Hailey for its efforts in making the Rebuild of Manhole "C" a success. We had a challenging task facing us with an extremely short schedule and unforeseen complications and I commend your company, and especially your employees, for a job well done. Thank you for your team's flexibility and quick response in successfully meeting the field changes that developed along the way. Please pass my appreciation on to Phillip and the rest of your team.

Sincerely,

A handwritten signature in black ink that reads 'Jon B. Belcher'.
